

2002 Discography

New! Time Traveler (coming in June 2024)

10 new original songs that revisit the lush orchestrations and haunting melodies that 2002 is known for. The songs range from simple piano landscapes to deeply complex odysseys flowing down unexpected paths.

If you like Secret Garden, David Arkenstone and Vangelis, you will love *Time Traveler*!

Clouds Below (January 7, 2023)

Over 5 million streams on Pandora

Over 500,000 streams on Spotify

Clouds Below by 2002 is a 10 track collection of musical art, that every new age fan must at all costs have in their collection, and as soon as possible, as this new release is one of the finest examples of truly good new age music that I have heard for many a year.
